

# A Snowy Day

**HEY , want to hear a story , I have the perfect story for kids all ages and there is one here just for you !**Once upon a time it all started with a cold , windy noon time there was a 7 years old boy who was about 1 metre and 20 cm. , lives in a **small, tiny**, snowy town called " Mr. Snowy Town" because it **never** snowed there and the people there wanted to snow . His name was Olive because he **loves** eating olives .

One day he was **so excited** because it was going to snow , he **never** ever on his **life** saw snow or snowflakes . As the snowflakes **floated** down from the sky Olive said " **wow**, it is like crystals floating down like it weights 1 gram" as he watch it touch the ground and **disappears quickly** . He swiftly put on his **warm** sweater because since it never snowed he **didn't have a jacket** .

He put on his **warm woolly** boots and said to his mother " mom, I'm going outside and **won't be back** until dinner " . He walked out the door managing to keep warm in his **warm sweater and woolly boots** . Olive walked out the door into the thick , soft ,white, fluffy snow and smiled . **Suddenly little animals** started to dig their way out of the thick, soft, white , fluffy snow. They were all so cute .

As the rabbits circled him , it felt like **warmness** coming to him and the rabbits started **nibbling** on his **legs**. After , he went to pick some berries from trees like ever green trees . He put them in his little basket he has brought along the way . He went back to the rabbits and gave them **some juicy** berries that he picked . They hopped around **happily** , like it's someone's birthday or something special . Then an a white furry owl placed a halo on Olive's head and it **floated** !!! It was impossible to have something float on Earth because of normal gravity which makes things stay down .

" The halo is an **magical** object that is placed over the person who cares for the living creatures that live on the planet " the owl said wisely , flapping his wings . The rabbits **squeaked** and **nibbled** and said " that's the **wises** animal in the whole snowy forest . Olive nodded to agree with the rabbits . He ran around with the cute rabbits and **started rolling small** snowballs to build a **snow- rabbit** just to be nice to the rabbits.

**Ten minuets later .....**

"That looks great " Olive said to the rabbits softly , trying not to scare them. "Let's give him a scarf , hat and mittens ."Wow" ! They all said . Olive said " jinks" ,the rabbits said softly "pickle jinks " . He loved the rabbits so much that he went back home to get a sled as swift as he can :  
vvvvvvvvrrrrrrrrroooooooooommmmmmmmmmmmmmmmmmmmm!!!!!! He got back as fast as lightning flashes and got his shiny , colourful and woodened sled .

He pulled up the sled up an snowy hill with the rabbits and when they got to the hill you know they did ? ..... They just sat on the sled like almost forever . Until , the wind push them down the snowy hill and wwhhhooosshhhh !!!!! The sled went straight down the hill and it was so fast how they went down. It was as fast as ..... a car speeding over 190 km per an hour !!!!!!!!

Then , when they crashed into a pine tree Olive had to go home for dinner and do you know what he did with the rabbits ? .....He grabbed a cage and put the rabbits inside it and took it home , in his room . He had his favourite meal for his dinner ..... pasta with tomato sauce . It was a perfect day.

**THE END !!!!**
